

Dear FCC:

K-Love station here in Butte provides a positive alternative to the regular music stations of the area. We listen to it exclusively in Butte. If it were displaced, my family as well as hundreds of others in the area would be without any other alternative station to meet our needs musically or with news. Having an alternative to the regular country, rock, and Public stations is necessary for a small community such as ours. Therefore, I would request that K-Love not be replaced by a LPFM station. Thank you. Kay Cook
